

MAFFI Minute

June 2026

Happy Summer, Model A'ers!

I hope everyone is enjoying the driving season and finding plenty of opportunities to get their Model A out on the road. Whether you're heading out on a cross-country tour or simply enjoying an evening drive through the countryside, there's nothing quite like summertime in a Model A.

Here at MAFFI, preparations are well underway for Model A Days, and we're looking forward to welcoming everyone back to the museum. This year's event will feature an exciting display of Model A Speedsters, including vehicles from the Secrets of Speed Society. It promises to be a unique opportunity to see these remarkable cars up close and learn more about this fascinating part of Model A history.

If you're looking for ways to support the museum, please consider purchasing a memorial brick or participating in the My-A Program. Both are meaningful ways to leave a lasting impact while helping preserve the history of the Model A Ford for future generations. Be sure to also check out our sweepstakes 1930 Fordor Sedan- it's another great way to support MAFFI while having the chance to take home a beautiful Model A.

As always, the museum continues to stay busy thanks to the incredible efforts of our volunteers, who work year-round to care for

the collection and keep the museum looking its best. Their dedication is what keeps MAFFI moving forward.

We look forward to seeing many of you at Model A Days. Until then, enjoy the season, drive safely, and keep on motoring!

John Grossheim

Trustee and Secretary, MAFFI
