## *"A" Note from the President...*

I'm pretty sure I was not the only one disappointed the Palmetto A's had to postpone our Annual Picnic. But as you know these are unusual and unprecedented times. My prayer is that you are all still healthy and have the things you need to get through these coming weeks.

As for our April schedule, the Epworth Children's Home Annual BBQ fundraiser, as well as the Old 96 Club's annual swap meet has been canceled. So for now until it is deemed safe for us to gather for our regular monthly club functions, our schedule is postponed. When the time comes, we will let the club know when and where we will resume. May I suggest that during this "down time" you take the opportunity to perform maintenance on your Model A's. Things such as grease jobs, oil changes, check points and plugs, check air pressure (don't forget the spare) are just a few. These things will not only help pass some time, but insure you're "ready to roll" when we resume our monthly outings.

Twila and I are looking forward to being able to once again join together and fellowship with our "Model A family" and friends. So keep'em up, dust'em off, so we'll be ready to resume Model A'ing!!!

*John Cockerill*

## SIGNS OF THE TIMES

**NOTICE**

**Wash Your Hands**

**CANCELLED**

**CLOSED UNTIL  
FURTHER NOTICE**

## *Editor's Note...*

April was supposed to bring us showers. Instead, we have an "abundance of caution" and fear. We have been forced into situations where we have absolutely no control. We need to practice self-control, selflessness and peace. Greed and hoarding has no good place in this situation. As you go about doing the things necessary to live, keep in mind that not everyone that is exposed gets sick but they can still pass this virus to others. Let's keep "social distance" in mind.

Peace!

*Twila*

**WANTED:**  
**NEWSLETTER EDITOR**  
**FOR THE SPARE TIRE**  
**Must have computer skills**  
**and be willing to fill in**  
**for open positions**

Current newsletter editor willing to teach “the ropes”

This is my sixth and final year as your newsletter editor. I have enjoyed working with everyone to publish *The Spare Tire* every month but it is time for someone new to take over. You all have until October to consider this position and I will answer any questions anyone has about being a newsletter editor. It can be fun and challenging at the same time. You get to work with a great bunch of people on the Palmetto Board of Directors and the club membership. And, like the sitcom Cheers, “It’s where everyone knows your name!” So, give it some serious consideration and see me if you have questions.

*Twila*

### Treasurer’s Report, March, 2020

We continue to maintain a balance in line with the club budget as set and approved by the Board of Directors. All bills and receipts are processed promptly. The checkbook is balanced monthly with no discrepancies. The club account balance is reported at each General Membership meeting.

Happy Begg, Treasurer

### Sunshine Report

Please keep the following folks in your thoughts and prayers: Sara Koon, Fred Luce, Eddie Seastrunk, JP Temple, Mark Temple, and Bobby Williamson.

*Remember: call, write or send a card to someone who needs encouragement. We are “FAMILY” and it helps to be thought of and prayed about.*

If you have any Sunshine concerns, please call or email the newsletter editor to add the name to our Sunshine Report.

*Palmetto A's Board of Directors Meeting*  
March 9, 2020

President John Cockerill opened the meeting at 8:15am on March 9, 2020, at the I-Hop Restaurant in Columbia, SC, with the following in attendance: Cheryl Austin, Happy & John Begg, Sharon & Orville Booth, John & Twila Cockerill, Wes Porterfield and Dick Fraser.

The Minutes of the last Board meeting were not read as the Minutes were approved as published in the February Newsletter.

Happy distributed copies of the last bank statement and reported that all bills have been paid and donations made according to the budget.

Cheryl Austin gave the membership report stating that there are now 34 paid members.

Cheryl then gave the Tour Director report and discussion was held on the upcoming Annual Picnic to be held at St. James Lutheran Church in Red Bank on March 28th. There will be a raffle and car games. All are reminded to look for items to donate for the silent auction fundraiser.

Upcoming events will be listed in the Newsletter. The Club will have a vendor space at the Old 96 Club Swap Meet on April 17-18 for any members who want to bring items for sale. Happy will provide a check for the vendor fee of \$25. Another meeting will be held prior to our Swap Meet at Smith & Jones on June 19-20 to discuss details.

The Club will accept the invitation from the Shade Tree A's to join them at Rivers Bridge State Park for a picnic and car games on May 2<sup>nd</sup> where they will provide chicken strips and attendees are to bring sides and drinks. Details for time and place to meet to travel there will be provided at later date.

Newsletter Editor Twila stated the newsletter was sent out on schedule and all advertisers have paid for their ads for the coming year.

Happy stated that the Web site is up to date.

Dick Fraser reported that the numbers have been submitted to the Mileage Program and rewards should be received in a month or so.

**Old Business:** This year is the 60<sup>th</sup> anniversary of the Palmetto A's Club and it was decided to celebrate at Danny & Cheryl Austins' on July 18<sup>th</sup> with a breakfast, a decorated cake, and memorial patches given to all attendees.

**New Business:** John Begg reported on a successful Tech Session for Joey Eckstrom's vehicle. He then presented Model A Technician t-shirts to those who took an oath to learn from and participate in upcoming Tech Sessions as much as possible. These shirts will be available to other members who wish to be a part of the Tech Sessions Team.

There being no further business, the meeting was adjourned at 9:25am.

**CAUTIOUS RIDER  
TO HER RECKLESS DEAR  
LET'S HAVE LESS BULL  
AND A LITTLE MORE STEER  
BURMA SHAVE**

MAFFI President's Message - March 2020

Dear Model A Friends,  
The Model A Ford Foundation is nearing a significant milestone, and a huge Thank You is needed to the many supporters who have brought us to this point. I have decided to write this State of the Foundation article to let everyone know MAFFI's current status and the plans for the future. We are very close to achieving our \$1 million endowment goal. This is a great achievement and it is due solely to the generous donations given by our Model A hobbyists. So, maybe it's time to reflect on the purpose of the endowment and where we go from here.

A number of years ago it was determined that to assure the perpetuity of our Museum, a fund would be required to support the long term costs associated with its running. A goal of \$1 million was eventually established in order to generate revenue (if required) from any earnings, without disturbing the principal. A conservative return of 3-4% generates about one third of our annual operating costs. To be more specific, we spend about \$100,000 per year to run the Museum. This includes our annual fee to The Gilmore, insurance, displays and exhibits, publications, vehicle maintenance, transportation and storage expenses. We have no salaries or personnel expenses. We also have no debt to service. From an income perspective, we currently take in about \$30,000 from our annual Model A Day event and about \$70,000 each year from membership dues, club support and individual donations. Therefore, our income and expenses balance out. Since we can't predict the future, we need a significant financial cushion should income decline. This is why we have an endowment. A number of years ago it was determined that to assure the perpetuity of our Museum, a fund would be required to support the long term costs associated with its running. A goal of \$1 million was eventually established in order to generate revenue (if required) from any earnings, without disturbing the principal. A conservative return of 3-4% generates about one third of our annual operating costs. To be more specific, we spend about \$100,000 per year to run the Museum. # Jim's technical tip

by Jim Cannon,

## Preventing Moth Damage to Upholstery and Era Fashions

There are two kinds of moths that eat wool: Webbing Clothes Moths and Casemaking Clothes Moths. Most of the interior upholstery used on our closed cars is made of wool, as is a lot of vintage clothing. If they take up residency in your car or closet, moths can quickly eat large holes in the material before you know what happened. You can be alerted to their presence before you see the damage.

When your car is parked in the garage, hang a "clothes moth trap" on a small piece of coat hanger wire inside the car, or hang one in your closet near your vintage clothes. Check the trap regularly (at least monthly). There is a sticky strip inside the trap that is treated with moth-specific pheromones. If there is a male Webbing Clothes Moths (but not Casemaking Clothes Moths) in the area, they will go to the trap. (Do not use the traps sold for grain moths or pantry moths -- wrong pheromone.)

You can't rely on these traps to catch all of the moths, though, to eliminate the problem. You must do something to kill the moths in the car or on the clothes to stop the damage. First vacuum everything well to get rid of anything you can. I don't like to use insecticides, but you might find one that you like that will work.

If you can, park the car outside in direct sun all day with the windows rolled up, to get the interior temperature above 120 °F for 4 hours or more. Put cloths in the sun in a black plastic trash bag, sealed. (I do it all day for several days -- it can't hurt.) This will kill the larvae and adults, but may not kill all of the eggs, so you may need to treat again.

If hot weather is not available, you can also smother the moths by closing all of the windows and putting several pounds of dry ice in the car. The CO2 from the dry ice will fill the car and smother the moths -- eggs, larvae and adults. Or put the dry ice in a sealed container or bag with era fashion cloths (don't let them touch the dry ice.). It takes about a week to kill everything, so leave it all closed up, then air it out well before you drive.

Mark how many moths are stuck in the trap after you treat the car or clothes and then continue to monitor for any new little critters. If you see them again, you need to treat again.

I hope this little tip helps you prevent damage to your car's upholstery and era fashions. Have a Model A Day! Jim

MAFCA Website

# They Just Keep Adding Up

Did you know MAFCA has not one but three MILEAGE PROGRAMS?

Our Model A Drivers Touring award honors the Model A driver having driven their Model A for 5,000 or 10,000 miles in a single year.

Our Mileage Award Program rewards Model A drivers who accumulate a total of 25,000 or more miles throughout the years.

Our Chapter Touring Award rewards those chapters who are on the road in their Model A's.

For more information visit:

## TINY TIPS

R

### SECURING RADIATOR ORNAMENTS

If a quail or other permanent base, flip-top radiator ornament fits loosely or is chipped, it may come off too easily. This procedure will remedy the situation and make the ornament solid - removable only with an Allen wrench. My quail used to fit so loosely that I removed it whenever I left the Ford unattended. Remove the brass lugs on the bottom of your cap. These are usually held on with Allen head screws. See figure A. Cut a piece of metal bar with the same width as the removed lugs. The bar should be about the same thickness as the lugs. The length of the bar should be as long as possible within the diameter of the radiator neck under the flange. Test the cut bar for fit. It should have about 3/16" play on the ends. Drill and tap the bar to accommodate the Allen head screws. See Figure B. Some of the material may have to be removed from the area of the lugs on the cap base. If so, file very carefully and remove only the necessary material for the bar to fit snugly. Notch the radiator neck flange with a small file (or a broken round file chucked in an electric drill) where the new bar will be when the cap is in place. File and fit until this notch is as deep as practical for your cap. See Figure C. With the new locking bar loosely attached, put the cap on and tighten the Allen head screws. As the screws are tightened, the bar will be pulled up into the notches, holding the base firmly. The bar does cover part of the radiator opening, but it doesn't keep you from checking the coolant level nor does it interfere with the overflow tube.

The Palmetto A's is a not for profit organization with chapter affiliations with MAFCA and MARC. The organization is dedicated to the preservation and the restoration of the Model A Ford automobile and supports membership in the national organizations dedicated to the same purpose. Palmetto A's is one of the oldest Model A Clubs in the nation, having been active for over 59 years. Monthly meetings are generally held the third Saturday of the month, time and location announced in **The Spare Tire**, the club's monthly newsletter. Palmetto A's membership dues are \$25 per year.

Members are encouraged to join the following national clubs:

Model A Ford Club of America.  
Annual dues are \$50 and include a subscription to **The Restorer Magazine** from MAFCA, 250 South Cypress St., La Habra, CA 90631 and  
Model 'A' Restorers Club  
Annual dues are \$45 and include a subscription to the **Model 'A' News Magazine** from MARC, 6721 Merriman Road, Garden City, MI 48135

**Benefits of National Club Memberships**

Membership in MAFCA includes the following:

A one year subscription to The Restorer, our award- winning bi-monthly magazine including free classified ads.

The right to register and participate in all National and Regional MAFCA meets

Voting privileges in National elections of officers and by-laws revisions

Free classified advertising on the MAFCA web site and posting of photo of your car in the Photo Album section

Technical advice to help restore your Model A and keep it in top shape

National MARC Membership Includes:

Six issues each calendar year of our award- winning, international, bi-monthly Model 'A' News magazine.

Includes detailed technical and Era fashion articles, Model A historical articles, coverage of National Meets and Region News, classified ads, and vendor ads - a great source of information for parts and services.

From 64 to 72 pages each issue. Excellent quality coated paper with color, and black and white photography.

## Down the Road

Is there a destination to which you would like to drive your Model A? Is there a lunch spot to which you would like to drive your Model A? Call or email Cheryl and Danny Austin at 803-351-5687, [daustino02@sc.rr.com](mailto:daustino02@sc.rr.com). They are looking for your ideas and input!
